

IRCAD Masterclass: ENDOCRINE SURGERY

LIVE OR PRE-RECORDED OPERATIVE DEMONSTRATIONS

ROBOTIC & ENDOSCOPIC THYROIDECTOMY & PARATHYROIDECTOMY

Course directors

J. Marescaux (FR, RW)
P. Aïdan (FR)
M. Vix (FR)

International Faculty

A. Anuwong (TH) - M. Bechara (FR)
C. Chougnet (FR) - V. Couloigner (FR)
M. Diana (IT) - A. Imperiale (FR)
H.Y. Kim (KR) - Y.W. Koh (KR)
B. Lörincz (DE) - P. Miccoli (IT)
H. Monpeyssen (FR)

FOCUS ON THYROIDECTOMY

DAY 1 - Thursday, February 18

LIVE OR PRE-RECORDED SURGERY

🕒 From 9:00 AM to 10:00 AM (CET)

LECTURES

🕒 From 10:00 AM to 12:30 PM (CET)

ANATOMICAL CONSIDERATIONS IN ROBOTIC THYROIDECTOMY
OR PARATHYROIDECTOMY - B. Lörincz (DE)

PARTICULARITIES OF MINIMALLY INVASIVE OR ROBOTIC THYROIDECTOMIES

- > Robotic transaxillary thyroidectomy (RATT) - P. Aïdan (FR)
- > Trans oral robotic thyroidectomy (TORT) : tips & tricks - H.Y. Kim (KR)
- > Robotic thyroidectomy: first experience for children - V. Couloigner (FR)
- > Robotic surgery for Graves' disease - P. Aïdan (FR)
- > Trans oral robotic surgery with SP system - Y.W. Koh (KR)
- > Is minimally invasive thyroidectomy a real progress? - P. Miccoli (IT)

ROUND TABLE: WHICH APPROACH IS THE BEST?

FOCUS ON PARATHYROIDECTOMY & ON THYROID CANCER

DAY 2 - Friday, February 19

LIVE OR PRE-RECORDED SURGERY

🕒 From 9:00 AM to 10:00 AM (CET)

LECTURES

🕒 From 10:00 AM to 12:30 PM (CET)

SPECIFIC IMAGING IN PARATHYROID SURGERY

- > Preoperative parathyroid imaging: Sestamibi, F-Fluorocholine SPECT-CT - A. Imperiale (FR)
- > Intraoperative optical imaging for endocrine neck surgery - M. Diana (IT)

PARTICULARITIES OF MINIMALLY INVASIVE OR ROBOTIC PARATHYROIDECTOMIES

- > Per oral Endoscopic Parathyroidectomy - A. Anuwong (TH)
- > Mini-invasive video-assisted parathyroidectomy (MIVAP) - P. Miccoli (IT)
- > Robotic parathyroidectomy : Indication and result - M. Bechara (FR) / P. Aïdan (FR)
- > What does the robot bring in this approach - Y.W. Koh (KR)

ROUND TABLE: PARTICULARITIES OF MINI-INVASIVE THYROIDECTOMY OR CANCER

- > Preoperative staging - H. Monpeyssen (FR)
- > Robotic Thyroid Surgery for papillary cancer. Follow up after 10 years - C. Chougnet (FR)

📄 Registration fees

DAY 1 - February 18, Focus on thyroidectomy 150 €

DAY 2 - February 19, Focus on parathyroidectomy
& on thyroid cancer 150 €

PACKAGE DAY 1 + DAY 2 250 €

Access to this masterclass requires prior registration.
The program may be subject to modifications.
